

Nicholson School Dress Code

Students are expected to dress in a manner that promotes learning and does not detract from the learning of others. Clothing that is too revealing or has inappropriate slogans and/or graphics or which shows underclothing is not acceptable. Students are welcome to wear hats on the playground but not in the school.

Students will be asked to change into appropriate attire or be provided with alternative clothing. Should wearing of inappropriate clothing at school or school functions continue, consequences for inappropriate dress will be consistent with school discipline.
