

Student Threat Assessment: Fair Notice and Process

SD6 Rocky Mountain is committed to creating and maintaining school environments in which students, staff, parents and others feel safe. Schools cannot ignore any threat of violence. This represents 'fair notice' to our communities that SD6 will address all threats to self and/or others.

The model presented in this document reflects the thinking and work of J. Kevin Cameron, Director of the Canadian Centre for Threat Assessment and Trauma Response.

Student Threat/Violence Risk Assessment

Student Violence Threat/Risk Assessment: Fair Notice and Process

What behaviors warrant a Student Violence Threat/Risk Assessment to be initiated?

A Student Violence Threat/Risk Assessment will be initiated when behaviours include, among other activities:

- serious violence or violence with intent to harm or kill self or others,
- verbal/written threats to harm or kill others,
- Internet website/social media threats to harm or kill others,
- possession of weapons (including replicas), bomb threats and fire setting.

Duty to Report

To keep school communities safe and caring, staff, parents, students and community members must report all threat related behaviours. Every threat must be taken seriously, thoroughly investigated and a response and follow through completed.

What is a threat?

- an expression of intent to do harm or act out violently against someone or something.
- may be verbal, written, drawn, posted on the Internet or made by gesture.

Threats must be taken seriously, investigated and responded to. Schools in SD6 Rocky Mountain will take all threats seriously and work collaboratively with the VTRA team to create effective intervention strategies for safety of all.

What is a Violence Threat/Risk Assessment team?

Each school has a multi-disciplinary Violence Threat/Risk Assessment Team. The team may include the District Threat Assessment Liaison, school Principal and/or Vice-Principal, School District Psychologist, School Counsellor, RCMP, MCFD or KKCFS worker, Mental Health Worker and others.

It is important for all parties to engage in the Student Violence Threat/Risk Assessment process. If for some reason there is reluctance to participate in the process, by the threat-maker or parent/guardian, the threat assessment process will still continue in order to ensure a safe and caring learning environment for all.
