

April 3, 2020

Dear Parents/Guardians:

I wanted to reach out and let you know that our staff has been working hard on our objectives to ensure safe environments, to meet the needs for services and to get started on our continuity of learning planning. We have prepared a bulletin that is linked below, to provide information about what we have been working on and where things are at present, a bit about what you can do to help with learning, and some general safety reminders. The second link is the latest FAQ for parents from the Ministry of Education; this document is updated periodically and these updates will appear on the website under **COVID19 Communication**.

https://www.sd6.bc.ca/Parents/COVID-19%20Communication/Documents/COVID19_Parent_Update_Apr3.pdf

<http://www.sd6.bc.ca/Parents/COVID-19%20Communication/Documents/April%201%2c%202020%20BC%20Ministry%20of%20Education%2c%20Frequently%20Asked%20Questions%2c%20for%20Parents.pdf>

We have been archiving communication to you under COVID19 Communication on the main district website, www.sd6.bc.ca.

If you have questions about the education of your child(ren), emails for school staff are found under the **About Us** menu on each school's website, or you may call the Principal at the school. For questions about this message or the attachments please email COVID19@sd6.bc.ca.

Stay well everyone.

Paul Carriere
Superintendent of Schools
