

POLICY 5500
STUDENT RECORDS

POLICY:

The Board of Education believes that it is necessary for schools to maintain records about each of its students. Such records would generally take one of two forms: the records kept by a teacher about the progress of individual students, or the accumulation of such records in a file over the course of the student's career.

Consistent with requirements of the *School Act*, the Board believes that a student and a parent(s)/guardian(s) of a student are entitled to examine all student records kept by a Board pertaining to that student.

DISTRICT PRACTICE 5500 STUDENT RECORDS
