## Program Overview

This comprehensive **43-week** Hairstylist Foundation (pre-apprenticeship) program is designed to prepare you for entry-level positions in the hairstylist industry. The program provides students with skills that are needed as a first-year hairstylist apprentice, including those related to salon hygiene practices, effective use and maintenance of tools and equipment, hair cutting, styling, and colouring, chemical waving and relaxing, as well as communication skills and basic business management skills. The program is delivered through regular lectures, demonstrations, and practical skills training in a fully functioning salon. Students participate in a three-week practicum in a registered salon and may complete their work-based training hours in the College of the Rockies Hair Salon or in an accredited hair salon of their choice under a Red Seal qualified stylist. Students will have opportunities to experience and participate in local indigenous community events as related to the Hairstylist program. Safety and hygienic practices are emphasized, reinforced, and practiced throughout the program.

## Costs

As a Youth Train in Trades student Rocky Mountain School District No. 6 agrees to pay the tuition component of your program. This means that parents and students will be expected to cover a variety of expenses ranging from student union fees to toolbox fees.

The COTR Hairstylist program requires students to purchase an advanced hairdressing kit which is approximately \$1200. Additional charges include a salon fee of approximately \$90 a semester.

*Fees are subject to change, please refer to the COTR website for details.*

# Youth Train in Trades Student Agreement | Hairstylist

Youth Train in Trades is an application-based program designed for grade 12 students pursuing a career in trades. Students and families should be aware that there are some key differences between YTT programming and typical in-person high school programming. The expectations listed below identify some key considerations that students and families should be aware of.

The student is expected to communicate with COTR teaching staff as well as the COTR YTT coordinator in order to understand basic logistical requirements (start dates, class schedules, absences, due dates, fee payment, etc.).	
The student/family is expected to communicate with their high school about graduation planning starting in the spring of their grade 10 year.	
The student is expected to complete Career-Life Connections (CLC) 12 via TEAMS while attending COTR (including completion of a capstone presentation in June of their grade 12 year).	
The student is expected to attend all COTR classes even if they extend beyond the hours of instruction at their high school.	
Students/families are expected to arrange transportation to and from COTR in Cranbrook.	
The student and family understand that the hairstylist program is a full school year in length. Students will receive grade 12 elective credits for the program but will have a reduced opportunity to earn senior academic credits. This may mean students need to upgrade their transcripts if they choose to pursue a university education in the future.
